

# Characterization of the sequential nature of neuronal dynamics: Experimental recordings, computational models and novel stimulation neurotechnologies

*Alicia Garrido Peña*

**Universidad Autónoma de Madrid**

Alicia Garrido Peña. PhD thesis Seminar  
Thursday 11<sup>th</sup> July, 2024

Universidad Autónoma  
de Madrid

Escuela  
Politécnica Superior

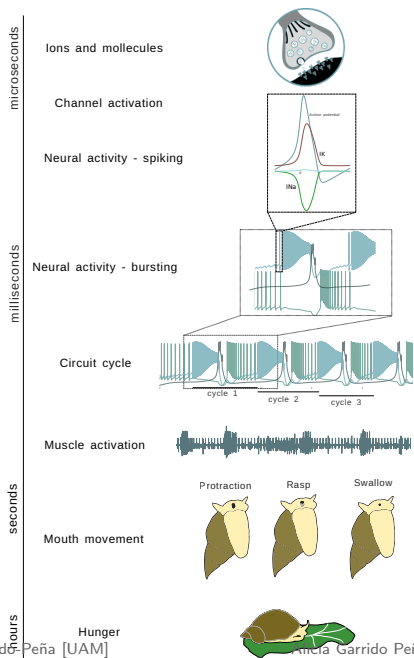

# Contents

## 1 Introduction

- Sequential nature of neural dynamics

## 2 Conclusion

# Introduction

□ There are sequential processes at different time scales.

# Conclusion

- $A + B = C$

- $p_T = 13$
